

the ECO Series

Environmentally Friendly Doors That meet the 2009 Federal Standards
Featuring Standard Hi Definition LED Lighting

The first Environmentally friendly door on the Market. Featuring Standard LED Hi Definition Lighting Superior Installation Low E Glass Package for Energy Conservation and Remarkable Performance. Lower your Electric bills Go Green with the ECO Series Doors from CDS.

The Hi Definition LED Lighting is the brightest LED System on the market designed to enhance the product and eliminate the side glare so common with T-8 lighting.

Optional motion sensor that does not turn the lights off completely but dims them to an electric consumption rate of just 7 watts then ramps up to full capacity when motion is detected. With a 5 year warranty the CDS Hi Definition LED lighting systems is the best the industry has to offer.

ECO Series Standard Features

For Freezer doors to meet Federal Standards add: \$1,230.00 for 1-5 doors and \$172.00 for each additional 1-5 doors
 Example for 8 - 30 x 75 doors 8 x \$2,645.00 = \$21,160.00 + \$1,230.00 (Controller) + \$172.00 (relay) = \$22,562.00 x multiplier
 First 5 doors require 1 controller each additional 5 doors require 1 relay 12 doors would require 1 controller and 2 relays

The flat mullion design provides superior insulation against cold transfer, and a reduction in energy consumption for the Environmentally sensitive customer

The triple seal gasket utilizes a magnetic beaded door gasket fitting into a recessed frame gasket to assure a positive air tight seal

The Kwik Level* system is placed at the top of the door making it simple to sight down the line-up adjusting each door to the next Door leveling is simple and easy.

The unique design of the Kwik Torque* makes adjusting tension a snap. Just 3 to 4 clicks and the door shuts and seals with ease.

The Advantage Series door plug, for heated door applications, is the smallest profile available. The unique plug design and the flat mullion allow this door to be easily reversed in the field.

Standard LED Hi Definition Lighting system with a 5 year warranty
Brightest light with the best product coverage
Optional Motion Sensor to further reduce your Energy Consumption
No annoying side glare as commonly found with other LED systems
